1. Neighborhood Revitalization Mini-Grant Program

Councilor Kuoppala gave an overview of the potential grant program for residents living within the Neighborhood Revitalization area. Applicants would present before and after pictures to the EDA of their home improvement projects. They could be reimbursed for up to \$500.00.

AEOA will also be working on weatherization projects for residents living in that area.

Councilor Kallevig suggested the yards should be in nice shape before a grant is given. He also recommended the City implement a Star Block program.

Councilor Kuoppala said Eveleth Horizons will be getting the word out to people living in the area. There is an informative neighborhood meeting scheduled for August 20th.

2. Agenda Q & A

Discussion took place on a Workshop Meeting requested by Dave Salene for August 11th. The workshop would focus on the Eveleth Health Services Park structure and a potential assisted living project.

Councilors Hoag and Koivunen requested copies of the Auditorium Study.
