Mayor Vlasisavljevich called the meeting to order at 1:30 p.m.

1. Quote from CTC for broadband and telephone services

Lauren Johnson, CTC, gave an overview of the proposed broadband and telephone services. Johnson indicated that each designated site within the City would have dedicated fiber internet. CTC has been working with the City's IT, Roger's Online Services. The City is also looking at updating the phone system in City Hall and the Police Department. The phones would be leased with the option to upgrade as technology develops. CTC would be contributing \$40,000 towards the project. If approved, CTC hopes to have the fiber in before August 1st. The phone upgrade would be scheduled after the fiber is installed.

The meeting adjourned at 1:53 p.m.
